BRANDON BUDGET.

The engine will be out to-day to fill the tanks.

The Bible Society met tonight in the Presbyterian church.

There was a beautiful display of the aurora last evening.

The streets were lively yesterday with gay conveyances, laden with happy citizens, enjoying the mild weather.

Mr. E. Hughes has sold a lot on Sixth St. to Mr. Thos Lee, harness maker, for the sum of \$2,500. The boom in real estate appears to be reviving in this city.

Mr. Williams occupied the pulpit of the Presbyterian church last evening, and delivered a fine sermon, taking for his text the 26th verse of the 25th chapter of the Acts of the Apostles. The congregation was large and listened attentively to the interesting words of the speaker.

During the difficulty experienced in passing, especially with slight heavily laden, on the trails over the ponds, would it not be well for the authorities to consider the advisability of having two tracks kept open. It would be a great advantage to travellers and avoid delays would be avoided.

The funeral of William McCabe who was accidentally killed on Friday last, took place yesterday, and a large concourse of people followed the remains to their resting place. The burial service of the Roman Catholic Church was conducted by the Rev. Father Robillard, at his residence, after which the cortege moved to the burying ground, and the remains were interred.

Mr. Fortier, whose house a few evenings since did the ground and lofty tumbling act had a man named Maybin up for being one of the party who assisted in the ground overturn. The case was heard on Saturday and the decision will be given today at 11 a.m. It is apparent that before the struggle for the possession of the claim in dispute is ended there will be considerable trouble.

Detective have traced the man Chapman last fall as far as Plum Creek, which place he left with the intention of coming to Brandon. He was sick at the time of his departure from the above place, and it is supposed that he became worse while on the road, and died down and perished in the snow. When the body was found, it is feared that the body has been covered by wolves.

The athletic exhibition given on Saturday evening was all that was advertised and those who attended were highly pleased with the programme. The club swinging of Mr. Barnes, and the knife throwing of Mr. Scott were greatly admired, while the others of the troupe more than did credit to themselves. Messrs. Scott and Barnes gave a sparring exhibition which showed that both are possessed of considerable skill, and thoroughly understand the manly art. A new programme will be given to-night, and an unknown effort to spar Mr. Scott, and a lively time may be calculated on. The troupe are good athletes, and are well worth seeing.

Moved by Mr. Dobson, seconded by Mr. Kinley, that the council be empowered to employ teams and men in their respective wards to haul timber to sites of proposed bridges to be erected by statute later during the present year and for the completion of work already commenced, the time worked by such teams to go to the credit of the statute labor for the current year of the persons doing such work.—Carried.

The council then adjourned to meet at the City Council chamber on Wednesday March 21st, at 2 o'clock p.m.

CITY BY-LAWS.

To the Editor Brandon Mail.

Sir,—We are told that in a few days orders will be given by the Police officers to the merchants and business men that all cross signs are to be taken down. Goods usually hung out in front of the stores are to be forbidden, and in fact a general grave yard appearance to be given to the city all for the sake of the Chief expenses of "uniformity." Well Sir, this embargo city will soon lose its name for a go ahead place if the present city authorities continue their course much longer and the Brandon Bustle will be a thing of the past.

I cannot conceive why all this is desired on the part of the authorities, unless it is to show their authority. Are they afraid it will not be known we have a city council? What harm can signs or goods hung out of the way do to any one, while at the same time such gives a visitor to our city to see that we are alive and have a business street.

It is strange we must be different from other cities. Why do the chief cities of Ontario on their public fair days and when any great man comes to visit them, dress out "the kill" even putting flags, banners and signs clear across the streets? The authorities usually ask business men to dress out all they can so long as the side walk is kept clear for pedestrians.

But here we must appear like a city. Why hang up 10 feet over the side walk and order them down.
I understand this crusade was inaugurated by a certain individual who came down at 4 a.m. (possibly from across the river) and fell over a "blasted" stove left on the side walk and after rolling over and seeing the stars he has seen "signs and ever since." I admire the shuck of Father & Buck and say "come over to them" and hope the business men will resist this foolishness.
I do not claim to be their "mouthpiece" but will sign myself
ONE OF THEM.
